

Best Practice A.Y. 2021-22

Best Practice: 1

Title of the practice: Jijau Lecture Series

1. Objectives:

- i) To enhance the personal and character development of students.
- ii) To focus on various aspects like attitude, personality, citizenship, and spirituality.
- iii) To foster the holistic growth of students.
- iv) To encourage students to use their education and knowledge for the betterment of society and humanity as a whole.

2. The Context:

A guest lecture was organized on the occasion of Rajmata Jijau's birth anniversary on Wednesday, 12/01/2022, with the aim of promoting the overall development of students. Prof. Ganesh Shinde shared his thoughts to impart the teachings and thoughts of Jijau to the students. The lecture appears to have had a special focus on encouraging female students to enhance their personalities and cultivate qualities that would empower them to tackle various situations with strength and confidence.

3. The Practice:

The college organized a guest lecture on the occasion of Rajmata Jijau's birth anniversary on January 12, 2022, in line with its objectives. Dr. Ashok Patil, the college Principal, provided guidance for the event. The program began with a lamp lighting ceremony. Principal, Dr. Ashok Patil introduced the activity. Prof. Ganesh Shinde served as the guest speaker, sharing valuable insights with the students. His address focused on empowering female students to strengthen their personalities and develop qualities that would enable them to confidently handle different situations. This event exemplified the college's commitment to holistic education and character development.

4. Evidence of success:

The program was run enthusiastically. The students appreciated the program through their valuable feedback.

5. Problems Encountered and Resources Required:

To inculcate social values among students and society the more emphasis will be needed to spread the awareness at local, State and National level about contribution of Rajmata Jijau to get Hindavi Swarajya. With respect to that more activities will be needed to empower the women of India.

Best Practice: 2

1. Title of the practice:No Vehicle Day

2. Objectives :

- i) To boost the environmental protection awareness and to actively involve the students for the same.
- ii) To minimize use of vehicles and to promote public transportation so that the fuel is saved and less pollution is emitted.
- iii) To put a habit among the students to minimizing the vehicle use and controlling air pollution.
- iv) To aware the students about the possible deception of increased use of fuel.

3. The Context:

In early days, the percentage of use of vehicles is increased. As result the air pollution, noise pollution is also increased. It is also affecting the global warming as well as the human life in terms of their health issues. So to spread awareness in the community the college has conducted the activity No Vehicle Day.

4. The Practice:

Pollution from vehicles is a major cause of health problems such as asthma. It also causes the reduction in fuel day by day. Though there are so many alternatives for fuels, people are using petrol and diesel vehicles that causes the air pollution. To make awareness among the community, college has organized the No Vehicle Day on 19th November 2021 under the guidance of Principal Dr. Ashok Patil. The purpose of the activity was to inculcate the habit of save fuel or use less fuel of use the alternative for petrol or diesel based vehicles.

On this day students, teachers and the administrative staff used the public transport and cycles. Students made posters regarding No Vehicle Day to spread the message. Our Principal Dr. Ashok Patil motivated students to celebrate this day frequently and help in environment protection. Students also participated in the activity enthusiastically.

5. Evidence of success:

In order to celebrate No Vehicle Day, students, teachers and the administrative staff used the public transport and cycles. Some people came by walking also.

6. Problems Encountered and Resources Required:

In today's life everyone is using their personal vehicle to save the time and reach the work place in time. It was not so easy for those who live far away from college to come without personal vehicle. But considering the need of environmental protection everyone was the part of this activity.
