***Report of Faculty Development Program
On
'Taxation System in India (Direct Taxes)'***

Introduction:

The tax structure in India is divided into direct and indirect taxes. While direct taxes are levied on taxable income earned by individuals and corporate entities, the burden to deposit taxes is on the assesses themselves. On the other hand, indirect taxes are levied on the sale and provision of goods and services respectively and the burden to collect and deposit taxes is on the sellers instead of the assesses directly.

Taxes in India are levied by the **Central Government** and the **State Governments**. Some minor taxes are also levied by the local authorities such as the Municipality and the Local Governments.

Over the last few years, the Central and many State Governments have undertaken various policy reforms and process simplification towards great predictability, fairness and automation

Objectives:

1. Describe types of Taxes.
2. To be knowledgeable of Income Tax
3. Know your "true" cost for returns
4. Good Feedback and On-going Process Improvement
5. Encourage safety

Presenter: Prof. Armani Jayashree

Target audience: Teaching and Non-Teaching Staff of college.

Details : In the month of March 18th 2019, RJSPM's Arts, Commerce and Science College has organized a "**FDP on Taxation System in India (Direct Taxes)** " by **Prof. Armani Jayashree** for the teaching and non-teaching staff. This session was helpful for staff to be knowledgeable about Income Tax. The welcome speech gave by Prof. Gore Pragati. After Lamp Lightning the Introductory Speech was presented by Principal Dr. Gautam Bhong sir.

Highlights:

1. Prof. Jayashree Armani has explained different points related to Income Tax.
2. Complete session was interactive in which staff asked their doubts.
3. Staff found this program helpful and inspiring.

The participants of the program had a wonderful experience during this session. There were discussions in between and at the end every day in which the doubts and queries of participants were resolved.

This session will surely increase the potential and positive attitude of the staff.

Finally Vote of Thanks presented by Prof. Madhuri Londhe.

A stylized, cursive handwritten signature in purple ink, likely belonging to Prof. Madhuri Londhe.

FDP Report 17-18

Report of FDP on E-Waste Management

Introduction:

There is a little bit of E-waste in everyone's life. Even a broken or dead electronic item doesn't look like a scrap/waste. A typical laptop stored at home has 90% probability of making its way to a landfill or being treated in informal and hazardous way.

Objectives of Program:

1. To aware and train about E-Waste Disposal.
2. Rules/Regulations and Amendments
3. Regarding Health and Environment Occupational Hazards

A Faculty Development Program on "Electronic Waste Management for clean India" was organized by RJSPM'S ACS College, Landewadi, Bhosari, Pune on 4th August 2017 in the Seminar Hall of the college.

In program Welcome speech gave by Prof. Madhuri Londhe. After Lamp Lightning the Introductory Speech was presented by Principal Dr. Gautam Bhong Sir. He gave the address about Electronic wastages, necessities about awareness of E-wastages which is highly harmful and difficult to dispose.

The speaker on the occasion was Mr. Sushant Panda.

Mr. Sushant Panda is a serial entrepreneur and a disruptive thinker. He gave the information about ZeroWaste wants to be the "Simplest way to dispose electronics waste" with Prime Minister's Swachh Bharat Abhiyaan. ZeroWaste creates an effective channel of collecting dead electronic products and indulges into recycling.

Mr. Sushant Panda enlightened the members about various harmful effects of electronic waste, E-waste is any item involving a circuit board, wiring, or plastic and metal that cannot easily be

disconnected. Other items are those that have to do with electronics or electricity, or that may be hazardous if littered or thrown in the garbage. For example, improperly disposed batteries can cause fires or release dangerous acid.

Other typical E-waste items include: Computers, Printers, Cartridges (ink or toner), cell phones, calculators, batteries (all types), electric motors, peripherals (keyboards, mice, etc.), and wires. It releases some of the most toxic chemicals if burnt. Burning electronic waste is a common act performed in India. The most important thing faculty realized was that they should not dispose e-waste by entrusting it to Junk Dealers, instead, it should deposit it to a E-Waste recycling branch or the mobile stores associated with ZeroWaste.

By Questions and Answers it was a great learning and motivating session for faculty.

And finally the Vote of Thanks gave by Prof. Marodkar Pranita.
