-INAUGURATION-

Dr.A.P.J. Abdul Kalam was a real gem of India. He proved that with determination and hard work anything can be achieved. He is one of the many leaders in India who has plenty of admirers.

Because of his works in the field of science and especially missile and rockets, he is also called the Missile Man of India. Every school in Maharashtra state celebrated his birth anniversary as "Vaachan Prerna Diwas". Books not only inspire us, but they also provide knowledge. Even though technology has brought in many changes to the way we read, it has only enhanced our ability to get connected to different sources of knowledge through reading.
